Main Avenue
Norwalk, Connecticut

ATTENTION:

25X1

Gentlemen:

A list of deliveries received and GPF supplied under Contract No. HF-20-80 has been compiled and submitted to this office by WRAMA. This list indicates the following:

Item No. 2 -- Thirty-six (36) Type B Windows, P/N 111-0908: According to WRAMA's records two (2) Type B Windows remain undelivered under the contract. It appears that these are the windows covered by your letter of 7 November 1956 from R.V.K. to George inclosing your Invoice 02576 dated 7 November 1956. This letter states that two (2) Type B Windows were delivered to . However, no record of receipt this delivery can be found at WRAMA, or this office.

Item 12a. -- Modify four (4) sets of test equipment (GPE) produced under Item No. 12 to include provisions for testing hand controls with rearward viewing and Mode 4 operation: Your letter of 13 February 1959 suggested that two (2) of these sets which remain unmodified be deleted from the contract and that the contract price be decreased by \$1,176. The list submitted by WRAMA indicates that only one (1) set remains to be modified under Item 12a. of the contract.

Item 34. -- Modifications of twenty-two (22) Mark II Hand Controls (PS500-0133) for rearward viewing: Your letter of 13 February 1959 suggested that four (4) units be deleted from the contract and that the contract item price be changed to \$7,200. The list submitted by WRAMA indicates that only three (3) units remain to be modified under Item 34 of the contract.

SECRET

Item 34a. -- Modification of twenty-two (22) Mark II Hand Controls modified under Item 34 to provide for Mode 4 operation: Your letter of 13 February 1959 suggests that four (4) units be deleted from the contract and that the contract item price be changed to \$5,400. The list submitted by WRAMA indicates that six (6) units remain to be modified under Item 34a. of the contract.

The following GFF has not been accounted for under the contract:

4 ea. Filter Units used in Modification of Test Equipment (Contract Item 12a. and procured on Production List 58-3 under Call Contract WF-GT-696).

94 ea. Lens, Eyepiece, P/N BA-BR44-438 supplied on the following vouchers:

Shipping Voucher	Date	Quantity
7003572	27 February 1957	37
7004093	21 February 1957	20
7004217	26 March 1957	3
7004537	6 April 1957	4
7006442	27 June 1957	8
8003419	11 September 1957	24
8017001	(2 ea. returned from Contractor on 8 Jan. 1958)	-2
NET TOTAL PROVIDED		94

Please review your records to see if any documentation for receipt of the two (2) Type B windows at either or WRAMA can be found. If so, it is requested that a copy of such documentation be furnished this office.

With reference to Items 12, 34 and 34a. please verify your records since they are not in agreement with WRAMA's. Should your records still not agree, please furnish a list of deliveries for each item for a further check with WRAMA.

It is requested that the disposition of all GFF listed above be furnished this office. It appears that the 94 ea. lens are those supplied to you by Baird-Atomic, Inc.
